Important Notes

1. The guidelines below are structured and colour co-ordinated by our award categories. These give an indication within each section of the exam of the trajectory towards your final result.
2. Terms in the tables should be interpreted appropriately for the level of the examination. Terminology used in the assessment categories and marking tables has a different level of expectation at each grade.
3. A mark of 0 is only awarded if the section is not performed at all.
4. Each category is likely to have several/many constituent elements which are being assessed and examiners establish a mark resulting from the balance of all these elements as well as any others which arise from time to time. The marking outcome is drawn from all relevant elements in a particular examination.
5. If you feel a result is incorrect MTB exams offer an appeals process (appealing an assessment result) the policy for which can be found [here](#). While MTB welcomes feedback we do not discuss individual marks or marksheets outside this process.

Assessment Categories

| Accuracy | |
|------------------|--|
| Key Areas | Key Elements |
| Rhythm | Control of pulse. Control of rhythm. Rhythmic character. Fluency. Interpretation of rhythm (when appropriate). |
| Pitch | Accuracy of notes. Intonation (when appropriate). Maintaining tonality (when appropriate). Maintaining level of pitch (when appropriate). Interpretation of pitch (when appropriate). |
| Fluency | Sense of fluency regarding notes and rhythm. Sense of musical fluency. The ability to maintain a flowing musical line. Ability to recover quickly from slips or from hesitations due to loss of control or losing place in the music. |

| Expression | |
|--------------------------------|---|
| Key Areas | Key Elements |
| Phrasing | Expressive. Idiomatic. Musical shaping (without technical issues distorting the line). Well-realised detail. Appropriate rubato. |
| Dynamics | Due regard given to notated dynamic markings. Appropriate and stylish use of performer's own dynamic inflections. |
| Articulation | Due regard given to notated articulation markings. Articulation performed in an appropriate style for the piece. |
| Character | Ability to convey musical character. Ability to contrast musical character. |
| Stylistic understanding | An informed knowledge of musical stylistic context. The ability to perform with conviction in an appropriate style. The ability to maintain a coherent style within a piece. An understanding of musical form and its impact on performance. |
| Musicality | Demonstrate an understanding of the music being performed. Avoid 'musical awkwardness' (this might well arise from gaps in technical facility). To let the music flow with a sense of musical logic (i.e. subsequent material is influenced appropriately by that which precedes it). An ability to command the expressive elements in the music. Confidence. An assured performance. An ability to engage the listener in the performance. Vivid communication. Creative ideas of interpretation and the ability to incorporate these. |

| Technique | |
|--|--|
| Key Areas | Key Elements |
| Up to /appropriate tempo | Establish a clear tempo in the light of information and/or stylistic considerations. Maintain tempo or allow it to fluctuate for musical reasons rather than technical ones. |
| Control | Show an ability to control technical elements in order to present musical ideas with conviction. Avoid a lack of technical facility undermining musical intentions. |
| Tone quality | Projection. To have secure control over tone quality. To maintain consistency of tone quality. To be aware of tone quality whilst playing and vary it appropriately. Ability to establish, maintain and contrast a wide range of tone colours. Have the technical ability to use a palette of tone colours imaginatively. |
| Technical elements which are specific to each discipline (instrument) | See Appendix 1 (P8) for the technical elements which are specific to each discipline (instrument). |
