Cup Final

Excitedly!

The first system of the duet consists of two staves in treble clef with a key signature of one sharp (F#). The music begins with a forte (*f*) dynamic. The upper staff features a melody with eighth and quarter notes, while the lower staff provides a rhythmic accompaniment with eighth notes and rests. Accents (>) are placed above several notes in both staves.

The second system continues the duet. The upper staff has a more active melody with eighth notes and quarter notes, including some beamed eighth notes. The lower staff continues with a steady accompaniment. Accents (>) are used throughout to emphasize specific notes.

The third system shows the duet progressing. The upper staff has a melodic line with some rests, while the lower staff maintains a consistent rhythmic pattern. Accents (>) are present above and below notes in both parts.

The fourth system concludes the duet. The upper staff features a melodic line with a final flourish. The lower staff has a steady accompaniment. The system ends with a double bar line. The dynamic marking *ff* (fortissimo) is placed below the final notes in both staves.

Candidates should practise the six clapping exercises below as part of their preparation to take this grade.

For the exam itself, the candidate should perform all six exercises in the order below at the indicated tempi. The candidate part should be clapped and the lower part should be provided using either the MTB Reading Skills recording for this grade, which can be downloaded [here](#), or a metronome (not clapped).

Syllabus Guidance

- The teacher is encouraged to speak to the candidate during the exam to put them at ease or to help them understand what is being requested. For more guidance on conducting/taking the exam [click here](#).
- The recording should not be turned off at any point during the exam until all elements of the assessment have been completed. For more recording advice [click here](#).
- For Practical Grades follow the above syllabus requirements. To learn about Performance Grade requirements please [click here](#).
- To learn more about how our exams are marked visit our Marking Criteria Page [here](#).

Recital Guidance - Practical & Performance Grades:

- Repeats are optional for MTB Exams, however, they are encouraged as they are often structurally important and can offer opportunities to display greater dynamic and expressive variation.
- All D.C. and D.S. marks should be observed (unless the syllabus specifies otherwise).
- The candidate should introduce each piece they are about to perform by stating its title.
- The teacher may help the candidate tune up before the exam begins. This should be done before starting the recording.
- Recorded accompaniments are acceptable as an alternative to a live accompanist. Make sure it is played on a different device to the one recording the exam.
- The composer's dynamics, phrasing etc should be observed in the pieces. Any editorial markings may be altered to allow for a personal interpretation. Where a piece contains no, or only limited, dynamic and expressive markings, the candidate is encouraged to include their own additional dynamic or expressive elements.
- Where a candidate presents Free Choice repertoire these must be of the correct grade standard. If such pieces fall below the required grade standard then examiners may reflect this in their marking. Free Choice Guidance can be found [here](#).
- Candidates wishing to submit 2 or more pieces with Jazz improvisation may do so as part of our free choice options, these will be marked by a Jazz specialist who will normally specialise in that section of instruments (i.e. Wind, Brass etc).

Technical & Musicianship Guidance - Practical Grades:

- The tempi given for the technical section exercises (scales from memory/technical exercises etc.) are minimum speed requirements.
- There are no unprepared elements in an MTB exam. All Technical and Musicianship elements should be practised by the candidate prior to taking the exam.
- If the Listening Skills fall outside of the candidate's vocal range, they may be transposed. However, all exercises within a test must be transposed by the same interval.
- For the duet option, the teacher part may be performed by the teacher, another pupil or any suitable player on any instrument from the same family (wind/brass/strings etc) with octave transpositions made as necessary. Alternatively, a recording can be used for the teacher part during the exam.
- Duets set in the Musicianship section cannot to be used as recital pieces.
