# Technical Exercises

## Technical Exercise 1

Single Strokes in quarter notes, eighth note triplets, 16th notes, quintuplet 16th notes, sextuplet 16th notes, 32nd notes and double quintuplet 32nd notes. Five, seven and nine stroke rolls. Left handed players may wish to reverse the sticking patterns indicated. This is to be presented played to an audible click or metronome.

♩ = 70

The musical score consists of eight staves of drum notation in 4/4 time. Each staff begins with a quarter note followed by a half note, then a triplet of eighth notes, and finally a double quintuplet of 32nd notes. The dynamic markings are *mp*, *mp*, *mp*, *mp*, *mp*, *mp*, *mp*, and *mp*. The exercise progresses from triplet eighth notes to quintuplet 16th notes, sextuplet 16th notes, and finally double quintuplet 32nd notes. The final measure of each staff is marked *ff*.

## Technical Exercise 2

The first two bars are to be played as notated with the repeat, 4 bars in all. The notated ride cymbal is the bell of the cymbal, the snare is a rimshot, the small note in parentheses is a ghost snare. Following this, a 4 bar development in character with solo/fills and stylistic use of voices is to be given.

♩ = 90

Fill

Development of the groove, solo and fills.

Technical Exercise 3

This exercise is a study of the movement of rhythmic elements from Drum Kit to other percussion instruments, namely hand percussion or other stylistically appropriate mediums. The previous technical exercise in the grade, Technical Exercise 2, is to be held as a "Rhythmic template" for a developed percussion accompaniment/solo. The following notation serves as an indication of the primary elements in the pattern to be captured. However, this is only a basic indication and the full interpretation/development of the groove is the creative responsibility of the candidate. All repeats are to be played, 8 bars in total.

♩ = 90

Fill

Development of the groove, solo and fills.

# Technical Exercises

## Technical Exercise 1

Single Strokes in quarter notes, eighth note triplets, 16th notes, quintuplet 16th notes, sextuplet 16th notes, 32nd notes and double quintuplet 32nd notes. Five, seven and nine stroke rolls.

Left handed players may wish to reverse the sticking patterns indicated. This is to be presented played to an audible click or metronome.

♩ = 70

The musical score consists of eight staves, each representing a different rhythmic pattern. Each staff begins with a quarter note, followed by a triplet of eighth notes, and then a group of eighth notes. The patterns are as follows:

- Staff 1: Triplet of eighth notes, followed by another triplet of eighth notes.
- Staff 2: Triplet of eighth notes, followed by a quintuplet of eighth notes.
- Staff 3: Triplet of eighth notes, followed by a sextuplet of eighth notes.
- Staff 4: Triplet of eighth notes, followed by a double quintuplet of 32nd notes.
- Staff 5: Triplet of eighth notes, followed by a quintuplet of 16th notes.
- Staff 6: Triplet of eighth notes, followed by a sextuplet of 16th notes.
- Staff 7: Triplet of eighth notes, followed by a double quintuplet of 32nd notes.
- Staff 8: Triplet of eighth notes, followed by a quintuplet of 16th notes.

The dynamics are marked *mp* (mezzo-piano) at the beginning of each staff and *ff* (fortissimo) at the end of each staff. Accents (>) are placed over the first note of the triplet and the first note of the subsequent group. The tempo is indicated as quarter note = 70.

Technical Exercise 3

A development within the style and character of the notated groove is to be given for the repeat. A variety of fills should be presented. The solo is an opportunity to showcase a creative approach and this remains the responsibility of the candidate. The elements of fills and solo are to display individual stylistic awareness and expression.

♩ = 100

## Syllabus Guidance

- The teacher is encouraged to speak to the candidate during the exam to put them at ease or to help them understand what is being requested. For more guidance on conducting/taking the exam [click here](#).
- The recording should not be turned off at any point during the exam until all elements of the assessment have been completed. For more recording advice [click here](#).
- For Practical Grades follow the above syllabus requirements. To learn about Performance Grade requirements please [click here](#).
- To learn more about how our exams are marked visit our Marking Criteria Page [here](#).

### Recital Guidance - Practical & Performance Grades:

- Repeats are optional for MTB Exams, however, they are encouraged as they are often structurally important and can offer opportunities to display greater dynamic and expressive variation.
- All D.C. and D.S. marks should be observed (unless the syllabus specifies otherwise).
- The candidate should introduce each piece they are about to perform by stating its title.
- The teacher may help the candidate tune up before the exam begins. This should be done before starting the recording.
- Recorded accompaniments are acceptable as an alternative to a live accompanist. Make sure it is played on a different device to the one recording the exam.
- The composer's dynamics, phrasing etc should be observed in the pieces. Any editorial markings may be altered to allow for a personal interpretation. Where a piece contains no, or only limited, dynamic and expressive markings, the candidate is encouraged to include their own additional dynamic or expressive elements.
- Where a candidate presents Free Choice repertoire these must be of the correct grade standard. If such pieces fall below the required grade standard then examiners may reflect this in their marking. Free Choice Guidance can be found [here](#).
- Candidates wishing to submit 2 or more pieces with Jazz improvisation may do so as part of our free choice options, these will be marked by a Jazz specialist who will normally specialise in that section of instruments (i.e. Wind, Brass etc).

### Technical & Musicianship Guidance - Practical Grades:

- The tempi given for the technical section exercises (scales from memory/technical exercises etc.) are minimum speed requirements.
- There are no unprepared elements in an MTB exam. All Technical and Musicianship elements should be practised by the candidate prior to taking the exam.
- If the Listening Skills fall outside of the candidate's vocal range, they may be transposed. However, all exercises within a test must be transposed by the same interval.
- For the duet option, the teacher part may be performed by the teacher, another pupil or any suitable player on any instrument from the same family (wind/brass/strings etc) with octave transpositions made as necessary. Alternatively, a recording can be used for the teacher part during the exam.
- Duets set in the Musicianship section cannot to be used as recital pieces.
